

Exhibitor Liability Insurance Program - How it Works and the Need it Fills

We create one Master Exhibitor Liability Insurance Policy for your tradeshow, through which, any of your exhibitors that need insurance can purchase their insurance instantly online, starting at just \$79.

The master policy is customized for each show. It is pre-filled with the rates and coverage you specify, dates, venue, and with you named as additional insured. This insures no mistakes on insurance certificates.

A link is then posted in your exhibitor manual and it can be given to each exhibitor as well. When clicked, this link directs the exhibitor to an online insurance application that we've created explicitly for "Your" tradeshow's exhibitor insurance program.

After entering a small amount of company-specific information on this short application, they can purchase their insurance instantly online using a credit card. Their Certificate of Insurance is immediately emailed to both you and the exhibitor.

Updated user reports are delivered on a regular basis alerting you to who has purchased insurance. This eliminates the collection of paper certificates of insurance.

This Program Fills the Needs For:

- Exhibitors who do not have any insurance.
- Foreign Exhibitors whose liability insurance will not cover them at a U.S Show.
- Companies who do not have the time to deal with all of the certificate arrangements.
- Exhibitors who find it easier or advantageous to use this program, rather than their corporate insurance; similar to when you rent a car and do not want to use your own insurance.

*Should there be a claim, it will not tarnish your policy and rates. And, unlike most corporate policies, there is no deductible.

The old, outdated way of manually collecting individual certificates of insurance and trying to keep track of who has and who hasn't purchase exhibitor insurance, is essentially eliminated.

Our Program also provides coverage to all your International Exhibitors.

There is Absolutely No Cost to You, the event organizer.

A little information about your tradeshow is all that's needed to create your master policy and set up the program.

We now offer this Exhibitor Liability Insurance Program for your International Shows.

Every aspect of doing business is advancing through technology. It doesn't make sense to continue exhibitor insurance the old manual way.

We also offer you the option of handling your entire Exhibitor Insurance needs. This includes setting up the above program, receiving all insurance certificates, examining and making sure they are compliant, keeping track and documenting, and updating you on a weekly basis.

Again, there is no cost to you for this service.
